Owning Up

Empowering Adolescents to Create Cultures of Dignity and Confront Social Cruelty and Injustice

THIRD EDITION

Rosalind Wiseman

Owning Up has helped teachers, counselors, and leaders give students the tools they need to own up and take responsibility—as perpetrators, bystanders, and targets—for unethical behavior and to treat themselves and others with dignity. This bigger, comprehensive edition features:

- Three flexible, dynamic curricula separated by grade
- A new chapter and lesson plans for successfully implementing a social and emotional learning program in every school
- More games, role-playing activities, and provocative discussion questions to use in co-ed or single-sex groups
- Even more lessons and updated resources

Designed for use both in school and out and spanning topics from friendships, social media, teasing, and harassment, *Owning Up* provides you with the resources to teach young people that their dignity and the dignity of others is the principle that guides our decisions and actions every day in our friendships, families, and schools. As educators, we must enlist the people who can make a real difference: **the students.**

\$49.95, 488 pages, ISBN:9781071814581

“The lessons are incredibly relevant. I have students participate and raise hands to share who usually do not. This morning, I started the session about teasing and laughing, and the class had such a powerful discussion. They thought about really important concepts to carry with them next year.”
